

# KEANU GOMES

## DATA ANALYST/DATA SCIENTIST

### INFO

- 📍 Miami - Fort Lauderdale Area
- 📞 (786) 708-2610 (work)
- ✉ keanudatatech@gmail.com
- 🌐 <https://kgdatatech.github.io/portfolio>

### SKILLS

- Data cleaning, preparation, integration, analysis, descriptive statistics, hypothesis testing
- CRUD, relational databases, filtering, summarizing, & cleaning data, JOINS, subqueries, CTEs, query planning, data migration (ETL), data security
- Interactive dashboards, KPIs, mapping and geospatial analysis, temporal forecasting, statistical visualizations, composition and comparison charts, data storytelling
- Data wrangling & subsetting, consistency checks, combining and exporting data, deriving new variables, grouping and aggregation, visualizations, coding etiquette
- Supervised & unsupervised ML Algorithms
- Gradient Descent, Linear Regression, Decision Tree, K-Nearest Neighbors, Artificial Neural Networks

### TOOLS

- Excel
- Postgres SQL
- Tableau
- Python
- Machine Learning with Python
- Anaconda
- Jupyter Notebook
- HTML
- Powerpoint
- Canva
- GPT-4, Copilot

### SUMMARY

Detail-oriented data analyst with a knack for pattern recognition and a background in field service management, computer numerical control machine operations, and audio engineering.

Proficient in Excel, SQL, Tableau, Python, and Machine Learning, passionate about applying data ethics to enhance customer experiences, drive business outcomes, optimize government facilities, and strengthen cybersecurity.

Eager to join a team valuing critical-analytical thinking, collaboration, innovation, and social responsibility within the govtech industry.

### WORK EXPERIENCE

#### Field Service Manager

*FloridaTours.com | 2022-2023*

- Utilized Microsoft Excel to track and report details of bus driver schedules, routes, & arrival times, analyzing data to identify areas for improvement & optimize operations for the company, drivers, and guests aboard.
- Managed & coordinated guest services for a transportation company, overseeing onsite operations, ensuring exceptional customer experiences & satisfaction.
- Proactively addressed any issues or concerns related to transportation services, resolving them promptly to maintain a smooth & enjoyable guest and driver experience.

#### Computer Numerical Control Machine Operator

*Spurs Marine Manufacturing | 2017 - 2019*

- Job responsibilities included setting up, inputting and adjusting machine parameters to optimize production efficiency and ensure accurate processing for workloads.

### EDUCATION HIGHLIGHTS

#### CareerFoundry | Online Mentored Courses

*Data Analytics and Machine Learning with Python | 2023 - 2024*

- Completed over 55 units of data immersion
- Specialized in Machine Learning with Python (12 units)
- Totalling 6+ projects and case studies [found here](#)

#### Currently Pursuing

*Bachelors of Science in Computer Science*

Western Governors University  
2024 - 2026
